# Hazmat Informer

A mobile application for drivers to seamlessly automate and manage FMCSA Hazmat Compliance

The smarter way to ensure compliance of hazardous shipments

HazMat Informer is a mobile driver solution that automates your hazardous materials compliance. It's a simple, yet powerful tool for truck drivers, dock workers, dispatchers or anyone involved with transporting hazardous goods over the road. Not to mention, a reliable tool to double check your compliance and avoid penalties and fines.

Did you know?

**25** different placards could be used based on material class & division

**17K** there were 17,897 hazmat incidents on the highway in 2018

**\$90M** in damages were a result of these incidents

## Instant placard selection

Simply enter the UN number and weight from the hazardous material shipping information and receive instant feedback about the correct placards to apply in order to be compliant

## Easy material segregation

The built-in material segregation and compatibility functionality means you'll never have to worry about shipping hazardous materials that shouldn't be stored or shipped together

## Automated briefing & ERG

HazMat Informer automates the briefing process for your drivers & supplies an integrated Emergency Response Guide (ERG), that will open to the appropriate page(s) if the driver should need immediate help

## Succeed with SuperVision

SuperVision offers the industry's most powerful suite of tools to help your fleet succeed. Partner with SuperVision to help monitor, support and retain your drivers. Get the peace of mind that comes from knowing your drivers are good to go wherever business takes them.
